Space Saving Dispensers by Steril-Sil

VTC Series – Universal Countertop Dispenser

VTC-1HP-4

VTC-9SP

**VTC-1HP-4 as
Beverage Station**

**VTC-1HP-4 as
Condiment Station**

The VTC-1HP-4 holds one standard full-size hotel pan on the left or any combination of fractional pans with the use of adapter bars, and four Steril-Sil cylinders or solid containers on the right.

The VTC-9SP holds nine 1/6 size hotel pans in an 3x3 configuration. The horizontal support bars are welded to allow a bottom pan to be removed without the top pans sliding down. Permanently welded support bars also prevents lose and theft.

Both units can be set up for use in a wide variety of applications including beverage stations with sweeteners, creamers, stir sticks, straws and more. Or as condiment stations for packs of ketchup, mustard, mayonnaise, hot sauce and other condiments. Pans and adapter bars not included.

HKS Series – Countertop or Wall-Mount Dispensers

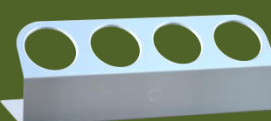

HKS-1

HKS-2

HKS-3

HKS-4

HKS series dispensers can be used in a countertop or wall-mount application. The unit includes clear rubber feet for use on a countertop . For a wall-mount application, rotate the base to the wall and mount using the pre-installed holes. Mounting hardware is not included.

The length of the base is designed so when using in a wall-mount application, multiple units can be stacked and look one-piece. Butt the upper unit to the lower unit, it creates a one-piece look and is the perfect distance apart for use with our cylinders and containers.

Use for stainless or plastic flatware, sweeteners, condiment packs and more.

PC-700 series**

**HKS-2 with
RP-25 series**

LTC / TC Series – Countertop Dispensers

LTC Series - Single-Row Countertop Dispensers

**LTC-3 with
RP-25 series**

TC Series - Multi-Row Countertop Dispensers

The LTC and TC series countertop dispensers are enclosed stainless steel cabinets with rubber feet. LTC series dispensers are an in-line design. TC series dispensers come in 2 and 4 row configurations. Overall, the series includes 2 to 24 hole dispensers, the largest offering of dispensers in the industry.

Both dispensers work with Steril-Sil's silverware cylinders and 30 ounce solid containers. Chose from stainless steel or a wide range of colors to match décor, school, brand or company colors.

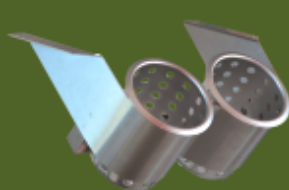

SW Models – Add an SW to the end of any LTC or TC dispenser to make it a condiment dispenser which includes stainless steel SC-750 containers and HC-20-X clear hinged covers. LTC-3SW shown.

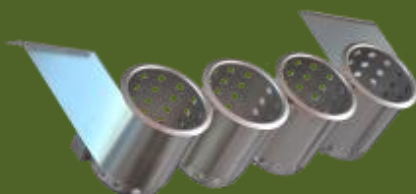

**TC-4 with
PC-700 series**

UB Series – Under-Counter Dispensers

UB-2SW

UB-4SW

The UB series under-counter dispensers utilize a unique space saving design in which they mount directly under the edge of a countertop to dispenser silverware. They are available in 2 or 4 hole models and include S-500 stainless steel silverware cylinders.

Use SC-750 stainless steel containers for dispensing stir sticks, sweetener, condiment packs and more.

S-500 - Stainless Steel Cylinder. The silverware cylinder was invented by the Steril-Sil Company in 1938. Our stainless steel version is 18 gauge 304A stainless with an electro-polish finish. And like all Steril-Sil products, it is made in the U.S.A.

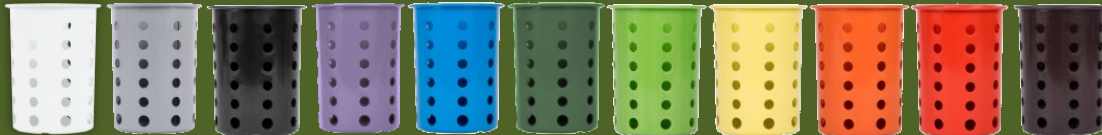

Silverware Cylinders – Perforated

S-500 – Stainless Steel Perforated Silverware Cylinder

Match your corporate colors with the RP-25 series silverware cylinders. The cylinders are straight-walled for the highest capacity and are available in a wide variety of colors.

RP-25 Series - Plastic Colored Silverware Cylinders

Solid Containers – 30 Ounce Capacity

SC-750 – Stainless Steel 30 ounce Container

Options for Steril-Sil's 30 ounce containers include the HC-20-X hinged lid and the DC-61 domed cover with pump. The tapered bottom of the domed cover with pump fits both PC-700 and SC-750 containers.

PC-700 Series - Plastic Colored 30 ounce containers

Steril-Sil 30 ounce containers fit standard silverware cylinder cutouts and come in a wide range of colors. Choose stainless steel or colored plastic to match a color theme.

PN1 Series – Self-Stick Suction Cup Cylinders

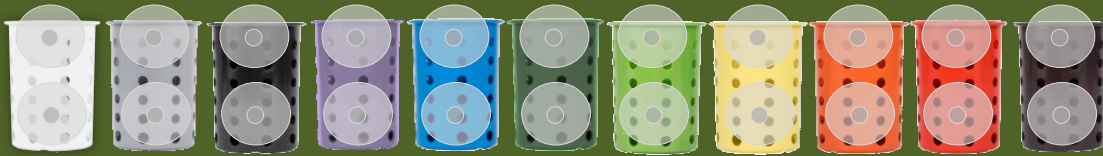

PN-1 Series - Suction Cup Multi-Purpose Cylinders

PN1 suction cup cylinders are a universal dispenser great for dispensing a wide variety of items including silverware, plasticware, wrapped straws, condiment packs, sweeteners, wrapped food items such as string cheese on a cooler door and drink mixes by water bottles.

The PN1 features two high-quality suction cups and is available in a wide range of colors. PN1's mount on hard, smooth, flat surfaces including glass, stainless steel, plastic and more making them an extremely versatile dispenser.

RETAIL SALES - HOLeD Up!

HOLeD UP! - Suction Cup Multi-Purpose Holder

HOLeD UP! is a universal dispenser with a wide range of uses. It's a great item for the back seat of cars to store cell phones, chargers, drinks, snacks and so much more. Around the house, use it in a kitchen on a tile backsplash to hold sweeteners, a shower to hold shampoo bottles, the garage on a tool box to hold drinks and so much more.

The retail packaging for HOLeD UP! includes a clear plastic bag with a two-sided printed header and a hold-punched center for hanging.

Great for back-seat car windows, college dorm rooms, school lockers, shower stalls, bathroom mirrors, kitchen tile backsplashes, the side of garage tool boxes to hold drinks, inside semi truck sleeper areas and so much more.

ABOUT STERIL-SIL

Steril-Sil was founded in 1938 on a new concept in the foodservice industry; silverware dispensing products. Steril-Sil invented the entire silverware handling category introducing products like the silverware cylinder, the countertop dispenser, the silverware basket, the under-counter dispenser, the E1 Silverware Handling System and more. Without knowing it, in school, at a restaurant, a cafeteria or many other places; you have most likely already used a Steril-Sil product.

Over the years, our product line has evolved to include many different condiment dispensing products including a line of ice-cooled dispensers, non-insulated countertop dispensers and more. Like all Steril-Sil products, they are compact designs that are made from high quality materials and designed to last for many years. We continue to evolve our product line to keep up with industry changes all while serving the niche that we've pioneered, foodservice dispensing.

All Steril-Sil products are proudly made in the U.S.A.
