Tray & Silverware Carts

Open base carts with cylinder cutouts or the E1 Silverware Handling System to dispense permanent silverware. Use hotel pan carts for wrapped plastic-ware.

Beverage Carts

Open or enclosed base carts with hotel pan tops are great for dispensing sweeteners, stir sticks, creamers and more.

Condiment Carts

Enclosed base carts with tray slide and hotel pan tops are perfect for dispensing condiments and to store back-up supplies.

Enclosed 12-Hole Stainless Steel Cylinder Cart

E1 System Carts
E1 Silverware Handling System carts have a wide variety of inserts to solve many needs.

E1 Silverware Handling System Carts
Four Locking Casters to prevent cart spin.
Side and Back Panels to contain tray stacks.
Four Corner Bumpers to protect cart and walls.
Integrated Handle Grasps for easy moving.
Holds E1 Inserts Vertically or combination of E1
  Insert with Hotel Pan

The E1 Silverware Handling System offers the most flexible design. Chose from two cart top configurations; hold one E1 insert with a hotel pan or three E1 inserts vertically. Chose from several different inserts to make the cart that best fits your needs.

The E1 Silverware Handling System saves labor. The use of the E1 drop-in silverware basket throughout the wash cycle increases labor efficiency and keeps silverware cleaner.
E1-CRT36-3V

E1-CRT36-1V1HP

E1 System Inserts
The use of drop-in silverware baskets, dual napkin dispensers, napkin and straw dispensers, half-size hotel pan inserts or flat-top adapters makes E1 System carts the most configurable and adaptable carts available.
